Description

This Newport Shores project included new windows, siding, roof, hardscapes and landscape along with new interior finishes, changing painted woodwork to cherry and many new amenities. Newly added space included a two-car garage addition to the existing garage with a bonus room added over the now four-car garage. LZL construction Inc's design/build team worked with the homeowner to design and negotiate a well-budgeted and scheduled project. The owners appreciated the process and love their newly renovated home.
