Description

The entire three-story, 3600+ square foot custom-built dream home will be on tour showcasing a roof-top deck with sweeping beach/water views, 2 kitchens, a separate bar and entertaining area, six bathrooms, an elevator and a separate mother-in-law dwelling area. The home is packed with custom features including a built-in hidden mirror TV, intricate coffered ceiling detail and extensive tile, stone and carpentry work throughout. Get design inspiration from the final decorative touches combining traditional and vintage fixtures, furnishings and finishes.
